stazz0.tech

As an ambitious and results-driven DevOps student, I am passionate about leveraging technology to streamline development processes and enhance organizational efficiency. Currently, pursuing Information Technology Engineering with a focus on DevOps and Cloud Computing, I possess a solid foundation in key technologies such as AWS, Docker, Jenkins. With a keen interest in automation, infrastructure as code, and continuous integration/ continuous deployment (CI/CD).

Key Highlights:

- Actively pursuing Information Technology Engineering with a concentration on DevOps and Cloud Computing.
- Proficient in implementing and managing CI/CD pipelines to accelerate software delivery.
- Skilled at configuring and maintaining cloud infrastructure, with a focus on AWS

SKILL

- DevOps
- AWS
- Git & GitHub
- Python & Golang
- Kubernetes
- Docker
- Bash Scripting
- CI/CD
- Linux
- Monitoring

Hobbies:

- Football
- Reading Books and Articles
- Online Games

PROJECT

- AWS EC2-based Portfolio Website Deployment
- Project Title: AWS Cost Optimization
- Complete Application Deployment Using Docker

Achievements

- Hacktoberfest 2023 : Participated in Hacktoberfest 2023, contributing to open-source projects.
- BGMI Series 2023 - Qualified Round - 3 as the In Game Leader of the Team, Included in the Overall top 256 teams of India.

Education

Bachelor of Technology in Information Technology
Jabalpur Engineering College,Jabalpur
11/2021-04/2025
